Compensation Plan Overview

We accelerate your Global Daily Pay in 2 proven and progressive methods. First we use a repeatable mathematical formula that affords you to be paid down “unlimited levels.”

As long as global sales continue down commissions will continue going up. Whether 10 levels, 100 levels, 1000 levels deep or more.

Then the success of those you personally refer to our affiliate program reward you again. Once qualified (2 product sales) and remain qualifies (1 retail sale in every 30 day cycle) you’ll earn either a 100% Check Match on Money Now commissions and a 100% Check Match on Membership Millions & P3 product sales.

This 1-2 punch affords you the ability to earn money FAST!

Power Profit Lines (PPL)

Power Profit Lines (PPL) pays commissions to unlimited levels deep as long as sales activity keeps occurring. It works on a set pattern of leverage divided in two phases.

We use the word “code” to identify the affiliate who would get a particular commission (that commission is coded to you, as example).

The term “Leg” identifies a personally referred affiliate and the entire group under that affiliate. So if you have 3 personally sponsored who have purchased **Money Now** you have 3 legs. It’s easiest to identify them by number such as 1,2, 3, etc.

Certain legs are commissionable to you and some are not. These are identified below and the pattern never changes. This affords you the opportunity to get paid down unlimited levels.

Without this feature we would need to cap level pay at 7 or so like typical comp plans do and severely limit your income opportunity.

Give a little get a lot is the theme of Power Profit Lines.

We separate Power Profit Lines into 2 phases.

Phase one is your first 6 personals of a given product:

- Legs 1, 3 & 5 go to you the affiliate.
- Legs 2, 4 & 6 go up to coded affiliate.

You are paid commissions on those 1, 3 & 5 sales.

- Each of their 2, 4 & 6 sales goes to you.

The 2,4,6 pattern is how you are paid down unlimited levels as long as sales activity continues to occur.

Phase two is our Leadership Phase

We now go to keep 4 give 1 for as wide as an affiliate may go.

- So 7, 8, 9, 10, goes to affiliate and 11 goes up.
- 12, 13, 14, 15, goes to affiliate and 16 goes up.

This pattern keeps replicating.

NOTE:

In order for affiliate to earn on pass up commissions 11, 16, 21 and beyond in Phase 2 they must have 12 personal sales of that product to be Phase 2 qualified. Otherwise the software will look to upline sponsor. If that person is a Phase 2 qualified affiliate those commissions will roll up to them. If not, software will look down to the original sponsor. If original sponsor is Phase 2 qualified that Phase 2 roll up goes to them. In event neither is Phase 2 qualified the roll up goes to the top position in the enroller tree. Once a roll up occurs, that affiliate and their team is forever coded to the roll up affiliate for that product on all Phase 2 commissions. Of course affiliates will earn on their own personal referrals of 7, 8, 9, 10, from legs they created.

Commission Payout

Product	Price	Coded Commission	Check Match
Money Now	\$100.00	\$50.00	\$50.00
Membership Millions/ P3:Purpose, Passion, Profit	\$500.00	\$150.00	\$150.00

Check Match

In addition to our Coded Commissions you can now also earn Check Matches on ALL of your personal enrolled affiliates Coded Commission earnings.

ALL to mean each and every affiliate you personally refer to include the affiliates that are coded to you and the affiliates you pass up.

Example:

At the \$100 Money Now product level you have 6 personally referred affiliates. If in a day each were to earn a \$50 coded commission you would earn a 100% check match. $6 \times \$50.00 = \300.00 in check match to you that day. If they earned combined \$100 in a day you earn a \$100 check match.

If combined they earn \$2,050.00 in a day you earn a \$2,050.00 check match that day.

The above is for illustration purposes only, there is no guarantee what your personal referred affiliates will or will not earn. If it's zero in a day then your check match is zero. There is no cap on your check match commissions.

You DO NOT earn check matches on check match income. You earn only on coded commissions to your personally referred affiliates.

To Qualify:

You must be qualified at a product level and have 2 personal sales of product at each product level you wish to participate in.

Meaning to be qualified for Money Now, be a qualified affiliate and have 2 Money Now sales. The same is true for each product.

To Remain Qualified:

You must make 1 retail product sale in the 30-day period you are in before the next 30-day period begins. If your 30-day period that qualifies you to stay active in the next 30-day period.

If you fail to make 1 retail sale you will forfeit all check match commissions for the coming period. If that occurs you can reclaim the next periods check match commission by making 1 retail sale in the period you are not active in.

THE MORE YOU SPONSOR THE MORE YOU CAN EARN

If you sponsor 3 you will check match 3. If you sponsor 30 you will check match 30.

You decide if you want to earn a little or a lot, your results will determine your income, your results determine how much you are paid daily.

- **Commissions are paid daily (14 day in arrears)**
- **Commissions are loaded onto your e-wallet**
- **No limit on your commission or check match earnings**

Refund Policy:

Refund requests will be honored within 7 days of purchase.

Retail Sales:

Affiliates are paid commissions on all Retail sales made on your affiliate website. Each retail product listed will have its affiliate commission listed in your back office.

Retail customers pay only for product (s) purchased. There is no fee whatsoever to retail customers.

Comp plan qualifiers:

To become an Affiliate person must agree to our Terms & Conditions and become a Pro Member. Becoming a Pro Member requires you to pay a one-time admin fee of \$45.00 plus a monthly fee of \$14.95.

This covers your website, website hosting, back office, database management, genealogy, commission engine, marketing system, social media marketing system and our affiliate support.

You must maintain your Pro membership to maintain your affiliate status.

No product purchase is required to earn commissions.

You must qualify with two product sales at each level if you wish to earn commissions.

- A) Personally purchase product and make one sale.
- B) Make two product sales.

If you chose B, understand the first sale will go up to the first qualified affiliate.

You will not see any financial gain from that person or any group they may or may not build.

Once qualified for coded commissions you do not have to qualify again.

For check match commissions you must be a qualified affiliate with two personal sales of each product level you wish to earn in.

You must also remain qualified by making one retail sale in each 30-day period. In

the period you are qualified for make 1 retail sale to qualify for the next 30-day period. Failure to do so will result in suspension of your check match earnings for the next period and each period thereafter.

You can reinstate your check match commissions by making one retail sale. That will activate your commissions to be paid for the next 30-day period.

Any unpaid check match commissions will remain unpaid; there is no recapture of unpaid commissions.

You must be of legal age or an emancipated minor to participate as an affiliate.

Retail Sales & Retail Profit Sharing

As a Pro or Platinum member each time a personal referral purchases a retail product you earn a direct retail commission paid daily.

Contribution Profit Sharing Pool

Every retail purchase made company wide and worldwide we share profits with Pro & Platinum members who contributed retail sales that month.

Each retail purchase made by a personal referral pays you a retail direct commission and also credits you with Contribution Index Points, CI points for short. Points are weighted on the retail price of products, from 1 point up to 13 points per purchase.

Each calendar month we take your CI points for the month and times them on the dollar value of those points that month.

As an example only, let's say the CI Point value is \$50.00 in a given month and you have 20 CI points that month. $20 \times \$50.00 = \1000.00 paid to you in profit sharing.

Point value will vary month to month yet there is no limit on your earnings. The more CI points you have the bigger your share of the pool will be.

Profit sharing is our only commission that's paid monthly. All others are paid daily.

Your actual earnings or income from the compensation plan will vary based on your level of sales generated and will be a result of various factors such as your expertise, ability and time spend promoting your business.

e-Digital Wealth is an emerging company, we are just getting started. We currently have no available statistics on minimum or maximum income earned or average income earned by our representatives as nothing has been established yet. In this industry in general, a lot of people will make little or no money and a few will earn a lot. That is a factor of persistence, determination, commitment and consistency. The ones that earn anything just make more of a commitment to attempt to do so.
